

# **THE Demogorgon Circuit**

## **Task 3 - KeyBoard Only Challenge**

---

### **Browser to File Management Task**

- Open the browser using only the keyboard
- Go to the search bar
- Search for Google Translate
- Open the Google Translate website
- Select the input text area
- Type: We are currently in Fusion Tech Club's Event
- Translate the text into French
- Select and copy the translated French output
- Open Notepad
- Paste the copied text into Notepad and also type the original English sentence below it and save it in the "Downloads" section as "hard\_to\_use\_keyboard"
- Show the Notepad content to the volunteers

**The Next task location will be communicated by the volunteers.**
